

for the army - I was amused to
think their last little girl, nearly
2 years old is named Christine
just like your little grand daughter.

I was glad to read about your
sister Fanny and her daughter. Does
she live in San Francisco - Tell
her my kind remembrance also -

I hope the expected baby you told
will be, as perhaps is already a
great joy for all his dear family

With many good wishes of
health for the young mother
and baby, and many
kind regards to you all

I remain

Yours very affectionately

My dear Cousin

Thank you so very much
for your letter I received during
our country holidays; it was a
large happiness with my children
and grand children, my mother &
I had much to do and scarcely
any time for correspondence

Yet I want to thank you for
advertising me of the death
of Raymond Laboué - I am glad
to write to his wife how we
sympathize with her sorrow
It is more than fifty-five years
that their wedding took place
at our house in Montreal at the feet
